

## REMARKS

As noted above, in Figure 1, E-Meeting Application 29 should be labeled as E-Meeting Application 28 to correspond to the specification. See Page 4 line 18 to Page 5 line 3 and Page 6 line 3. (There is no application 29 referenced in the Detailed Description.) No new matter has been added.

As noted above, in Figure 1, the user represented by a stick figure in the Red Zone 16 interacting with work station 52 should be labeled as user 53 to comply with the specification. See Page 5 line 29. No new matter has been added.

Both changes are indicated in red in the enclosed Proposed Drawing Changes for Figure 1, for approval by the Examiner. A formal drawing for corrected Figure 1 incorporating these changes is also enclosed for approval by the Examiner. This will simplify issues for Appeal because the Appeal Brief will reference both application 28 and user 53.
